EXPERIENCE

Rackron Technologies Pvt Ltd | Mern Stack

Mohali, Punjab | Jan 2025 - July 2025

Completed hands-on training in HTML5, CSS3, Bootstrap 5, and JavaScript, followed by in-depth learning of MERN Stack technologies, including MongoDB, Express.js, React.js, and Node.js. Gained practical experience by working on live projects under professional guidance, contributing to both frontend and backend development. Successfully built real-world web applications with REST API integration and efficient database management, while applying industry best practices in responsive design and code structuring.

SKILLS

Programming Languages: HTML, CSS, JavaScript
Libraries/Frameworks: React.js, Express.js, Bootstrap
Tools / Platforms: Git, GitHub, VS Code
Databases: MongoDB

PROJECTS / OPEN-SOURCE

Rentify (Rental Property Website) | Link

Mern Stack

Developed a full-stack rental platform using the MERN stack, enabling users to post, browse, rent, and buy properties. Built a responsive React.js frontend and MongoDB backend with JWT authentication and RESTful APIs. Designed to connect clients directly with property owners, eliminating brokerage fees. Ensured a secure, scalable, and user-friendly real estate solution.

Personal Portfolio | Link

React.js

Created a responsive portfolio using React.js to showcase projects, skills, and certifications with a modern and animated UI. Aimed to highlight technical strengths and enhance online visibility for professional branding. Deployed on platforms like GitHub Pages or Netlify.

Ecomous (E-commerce Fashion Shopping Website) | Link

React.js

Built a responsive e-commerce site using React.js with product listings, filters, and a shopping cart for a smooth shopping experience. Designed using React components and modern frontend practices to showcase real-world e-commerce functionality, UI design, and state management skills.

CERTIFICATIONS

- React.js / Node.js - Infosys
- Mern Stack - Rackron Technologies Pvt Ltd.

HONORS & AWARDS

- Secured 5th position in BCA based on overall academic performance.
